DETAILED ACTION

Amendment

1. Receipt is acknowledged of the amendment filed on March 26, 2004. In the amendment
5 claims 13-22 were canceled. Currently, claims 1-3, 5-12, and 23 remain for examination.

Allowable Subject Matter

2. Claims 1-3, 5-12, and 23 are allowed.
3. The following is the Examiner's statement of reasons for allowance: the claims are
10 directed a method and a system for controlling the reading from and writing to multi-memory
card. The multi-memory is comprised of magnetic memory, optical memory, and electronic
memory. As have been indicated in previous Office Action(s) the card containing magnetic,
optical and electronic storage means are well known in the art, and widely used in various
embodiments. However, the cited references, taken alone or in combination, fail to show or
15 fairly teach the specific method wherein the first memory is read, and user-selectable functions
are provided based on first-reading via user interface (i.e., menu), and the selected function
further directs in the reading of the second memory. This process is cascaded from the second
memory to the third memory as set forth in the claims.

Any comments considered necessary by applicant must be submitted no later than the
20 payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for
Allowance."
